## Assignment 2

Black holes

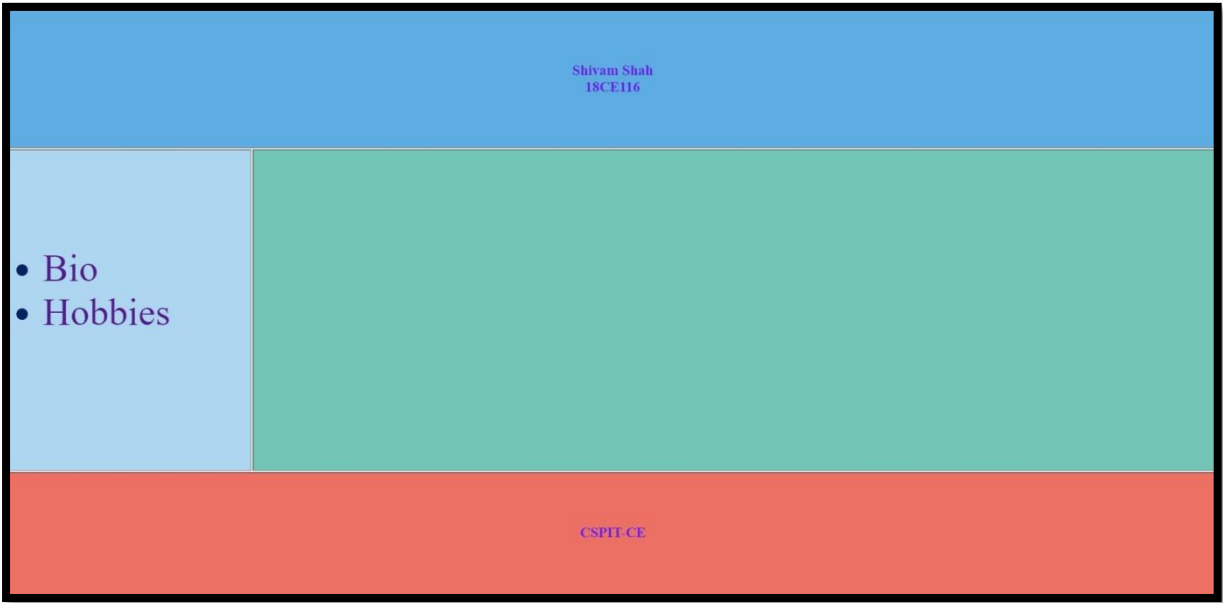

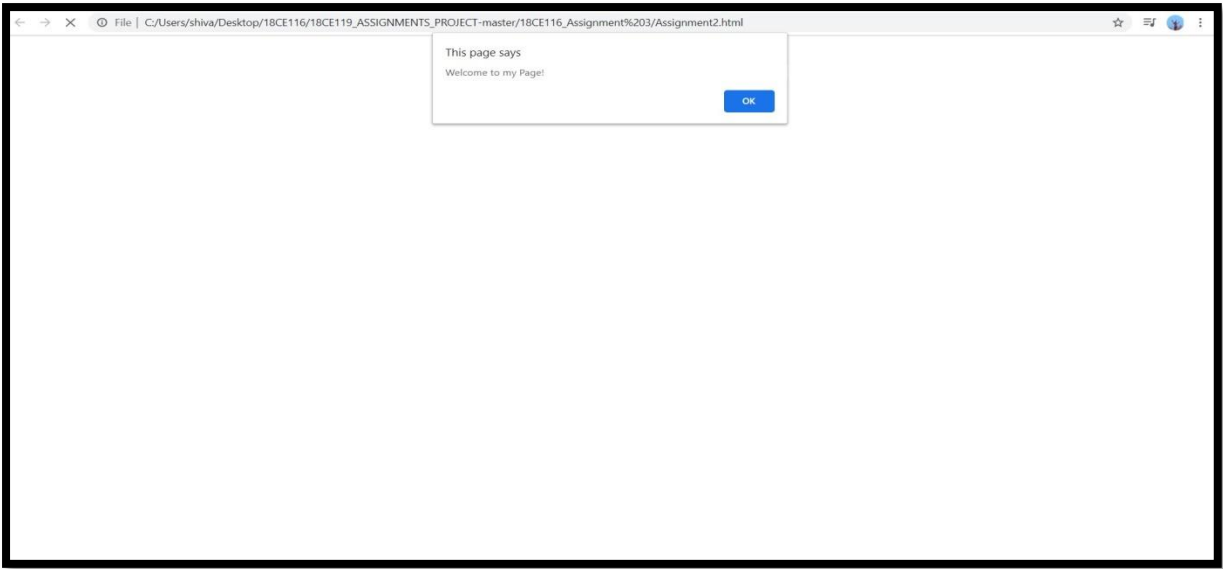

A black hole is a region of spacetime exhibiting gravitational acceleration so strong that nothing—no particles or even electromagnetic radiation such as light—can escape from it

Black Holes	
What Happens to Matter Inside a Black Hole?	Black holes- packets of space that contain a large amount of matter compacted into a small area- are one of the most amazing phenomena existent in our universe. Because the matter in a black hole is so dense the force of gravity within the black hole becomes immensely strong, attracting everything within a certain radius and not even allowing light to escape.
How Do Black Holes Form?	Stellar black holes are made when the center of a very big star falls in upon itself, or collapses. When this happens, it causes a supernova. A supernova is an exploding star that blasts part of the star into space.
How Is NASA Studying Black Holes?	NASA is using satellites and telescopes that are traveling in space to learn more about black holes. These spacecraft help scientists answer questions about the universe.

# Assignment 3

Shivam Shah  
18CE116

- Bio
- Hobbies

### Short Introduction about me

#### Intro

I am Shivam Shah. I am pursuing Computer Engineering in Charusat University. I am in 2nd Year Now.  
I know basic programming I know like C C++ and java

CSPIT-CE

# Assignment 5

Web Technology Workshop Registration

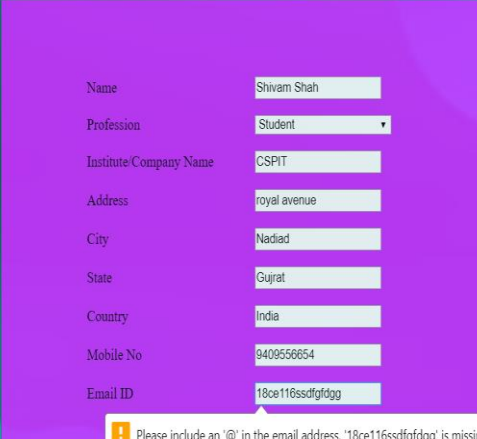

A registration form titled "Web Technology Workshop Registration" is displayed on a purple background with a colorful abstract pattern. The form contains the following fields:

- Name:
- Profession:
- Institute/Company Name:
- Address:
- City:
- State:
- Country:
- Mobile No:
- Email ID:

Register

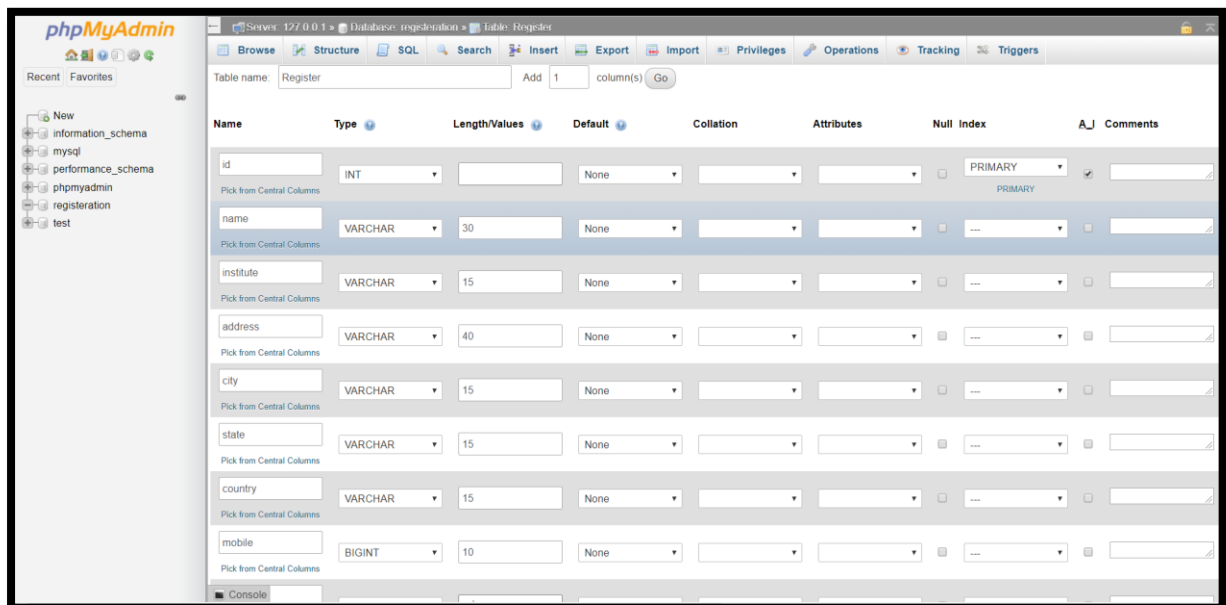

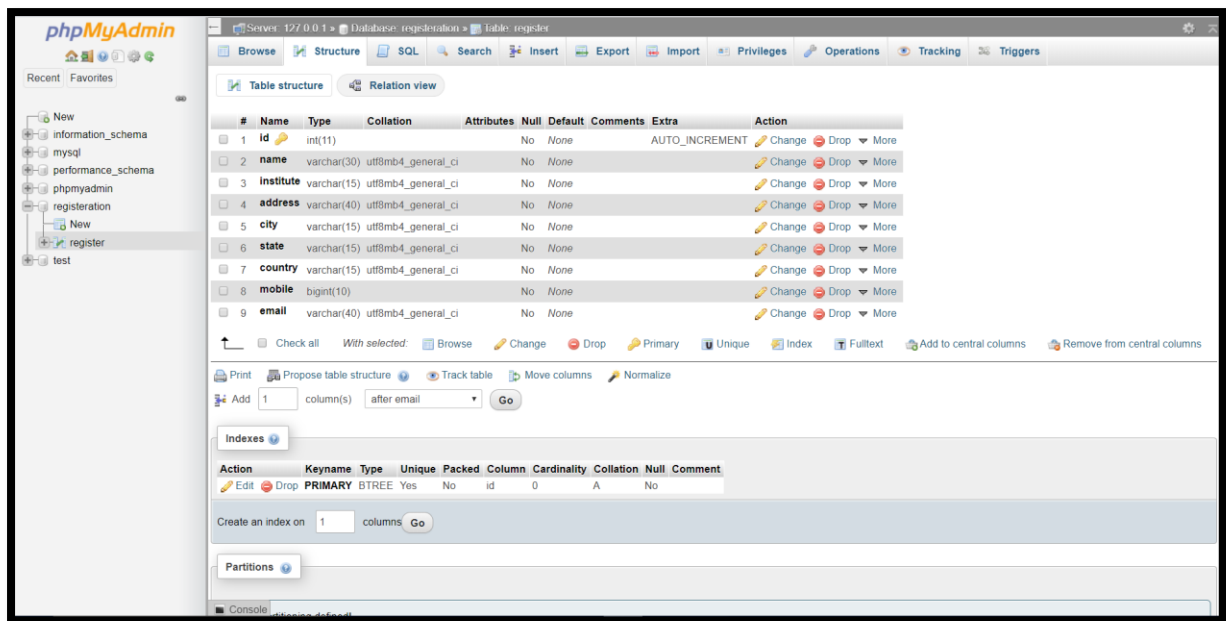

Web Technology Workshop Registration

The same registration form is shown, but with the following data entered:

- Name: Shivam Shah
- Profession: Student
- Institute/Company Name: CSPIT
- Address: royal avenue
- City: Nadiad
- State: Gujrat
- Country: India
- Mobile No: 9409556654
- Email ID: 18ce116ssdfgfdgg

Please include an '@' in the email address. '18ce116ssdfgfdgg' is missing an '@'.
